Thieme Publishers New York

Dear colleagues and publishers,

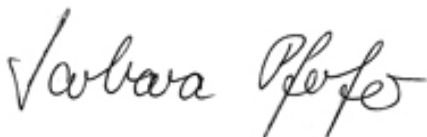

First of all a Happy New Year to all of you. For me and my family, January 1 started with huge fireworks in a small Hessian town - and with lots of snow. I hope that all of you had a similarly nice start. As the Chinese New Year of the Buffalo begins on January 26, to all Chinese customers I wish a very good year-to-come, too!

*We are presenting you here-attached the titles published by our New York colleagues in a separate preview. **Please note that the minimum advance payment upon signature of contract in 2009 is € 2,600.00. Please do not order titles for subjects which would in your language not allow for a print run or a retail price high enough to cope with this amount.** Here are the contents of our current preview:*
