Covered Journals

SYNFACTS currently covers more than 30 journals that publish original research in the field of synthetic chemistry, including:

ACS Catalysis
Advanced Synthesis and Catalysis
Angewandte Chemie International Edition
Chemical Communications
Chemical Science
Chemistry A European Journal
European Journal of Organic Chemistry
Journal of the American Chemical Society
Journal of Organic Chemistry
Nature
Nature Chemistry
Nature Communications
Organic and Biomolecular Chemistry
Organic Letters
Organic Process Research & Development
Organometallics
Science
Synlett
Synthesis
Tetrahedron
Tetrahedron: Asymmetry
Tetrahedron Letters

Article Identifier

At the bottom of the first page of each article, an article identifier shows additional details for the article such as online publication date, Digital Object Identifier (DOI) and manuscript number for internal reference (Art ID).

The DOI provides the possibility to permanently identify documents in digital networking systems and should be used when referring to material published only in electronic format. More information on the DOI can be found at <http://www.doi.org>, the Web site of the International DOI Foundation.

Journal Policy

Product names which are in fact registered trademarks may not have been specifically designated as such in every case. Thus, in those cases where a product has been referred to by its registered trademark it cannot be concluded that the name used is public domain. The same applies as regards patents or registered designs.
